Thesis: There's no relation between a parking lot in Vienna and a supermarket in Tokyo

- Split the planet in rectangles
- Split for equally sized files
- Use margin areas (20km)

- **Planet file: +1GB every 6 weeks**
Increase efficiency
Scale hardware → keepright@home
- **More Checks and Better Checks**
→ user input
- **More beautiful user interface**
- **Interfacing with OSM-biosphere**

```
./osmosis  
--read-replication-interval --simplify-change  
--read-xml planet/17.osm --apply-change  
--bounding-box left=0 top=35 right=50 bottom=-90  
idTrackerType=BitSet completeWays=yes  
completeRelations=yes  
--write-xml planet/17.osm.new
```
